

# BETA ALPHA PSI

The International Honor Organization for  
Financial Information Students and Professionals

## WEEK 7 – NOVEMBER 13<sup>th</sup>

### ACCOUNTING INFORMATION SYSTEMS PANEL

6:00-7:00 PM LOCATION TBA

The BAP AIS Panel will include:

- Zane Selbak – Manager, IT Advisory, KPMG LLP
- Hamilton Yuan – Manager, Advisory Services, Deloitte & Touche LLP
- Paul J.J. Stegleder III – Manager, PricewaterhouseCoopers LLP
- Sam Khan – Staff IT Auditor with OUS (Oregon University Systems)

These professionals will join us for a guided Q and A with Professor Byron Marshall focused on accounting information systems and the important and valued connection between business information systems and accounting. Topics to be discussed are as follows:

1. The CISA program
2. IT audit and the IT audit component of financial audits
3. How IT skills are useful for auditors and accountants
4. IT consulting
5. IT/accounting skulls and the internal function

Come prepared with questions, the following are some good ones to get you brainstorming:

- What is work like for an IT auditor or consultant? Hours, career path, training, travel, pay, flexibility of work etc.
- What specific skills are promising and helpful for these positions?
- What is something that you have personally enjoyed in using IT/Accounting skills? Saving a client million of dollars, avoided a catastrophe, helped an audit program succeed, identified a security risk etc.

**FREE PIZZA FOR EVERYONE ATTENDING!**

**Business casual attire**
